

## Volt Master America Generator

The **AZ444** and **AZ445** fit into the same frame and the cost of these 2 units is very close. The **AZ446** is the most popular of all of our diesel units. All of these Lombardini diesel units have a fuel pump that will lift fuel over 3 feet and could be connected to the main fuel tank of a vehicle and are electric start. The advantage of the diesel units is that they will outlast gasoline powered units by at least 3x. The **AZ444** and **AZ445** have an auxiliary 12-volt DC battery charging circuit, volt meter, elapsed time hour meter, OSHA approved ground fault 120 volt receptacles, twist lock 120 and 240 volt receptacles, circuit breaker for each receptacle, full power switching at 120 volts, low oil engine shut downs and heavy-duty frames.

- ▶ Long life diesel engine with low oil shut down
- ▶ Hour meter for maintenance scheduling
- ▶ OSHA approved ground fault receptacles
- ▶ Volt Meter
- ▶ Limited 2-year engine/generator warranty

### Electric Start

Cat#	Watts	HP	Weight	Size	Price
<b>AZ444</b>	5000	7.5	182 lbs.	28"x22"x25"	\$3,596.95
<b>AZ445</b>	6000	10	187 lbs.	28"x22"x25"	\$3,599.95
<b>AZ446</b>	13000	19	380 lbs.	39"x26"x29"	\$7,924.95

## Honda Generators

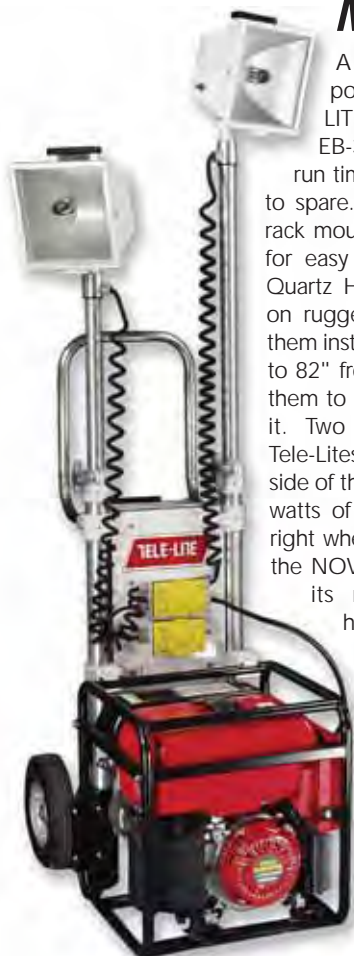

All larger inverter generators feature an i-Monitor™ on the front panel. The i-Monitor™ provides information for hours of operation, wattage and engine speed, as well as diagnostics for convenient dealer servicing.

- ▶ EcoThrottle™
- ▶ i-Monitor™
- ▶ Honda GX commercial engine
- ▶ Extended run time
- ▶ Two-wheel transport kit
- ▶ 120/240V selector switch & optional electric starting

<b>BB088</b>	5000w Honda Generator	\$3,186.95
<b>BB089</b>	6500w Honda Generator	\$3,509.95

## NOVA-LITE

A near perfect combination of power and portability, the NOVA-LITE features a dependable Honda EB-3000 generator with GFCI and a run time of 6 to 9 hours, all with power to spare. This super-quiet power plant is rack mounted on a custom built handcart for easy and fast portability. Two 500W Quartz Halogen Tele-Lites® are mounted on rugged telescoping supports making them instantly ready for use. Raise them up to 82" from the ground, rotate and angle them to get light exactly where you need it. Two more 500W Quartz Halogen Tele-Lites® are rack mounted on the back side of the cart. That makes a total of 2000 watts of brilliant quartz halogen lighting right where you need it. At only 140 lbs., the NOVA-LITE is easy to maneuver with its rugged off-set stainless steel handle. The NOVA-LITE. Put it on your team and win against the darkness.

<b>BB087</b>	NOVA-LITE	\$5,175.95

## 2,500 to 5,000w Portable Generators

These are compact generators with Briggs & Stratton engines, all copper windings and totally brushless waterproof enclosures. All models are 120/240 volts and have electric start with recoil backup. There are circuit breakers on all receptacles. Generators are available in 5 or 8 HP models; 5 HP only available in 120V.

Cat#	Watts	HP	Frame	Start	Weight	Size	Price
<b>AF809</b>	2500	5	Handle	Recoil	68 lbs.	22"x16"x17"	\$628.95
<b>AF810</b>	2500	5	Frame	Recoil	76 lbs.	24"x16"x17"	\$678.95
<b>AC843</b>	5000	8	Handle	Elec./Rec.	103 lbs.	26"x18"x18"	\$897.95
<b>AC844</b>	5000	8	Frame	Elec./Rec.	117 lbs.	30"x21"x20"	\$1,243.95
