B. Lightweight Aluminum Hooligan Tool

Standard Claw with Electroless Nickel Finish

The Paratech Hooligan Tool has set the standard of excellence for Halligan Tools. Now available with a machined alloy shaft for lighter weight, these heavy-duty tools were designed to pry, pound, puncture, twist, and cut open or remove all types of barriers between emergency service and saving lives. *Ship. wt. 11 lbs.*

- ▶ Doubles as a nail puller and gas shut off tool
- ▶ Parallel claw opening fits over hooks, hasps and many door bars
- ▶ Gently curved claw maximizes prying leverage

AZ391	24" Hooligan Tool (Lightweight Aluminum)	\$173.95
AZ392	30" Hooligan Tool (Lightweight Aluminum)	\$183.95

C. Multi-Purpose Pry Axe®

The Pry Axe® has been the best-selling tool for over 30 years and is used by departments worldwide. It's a lightweight, multi-purpose, slam and ram tool designed to pry, twist, chop, cut metal, twist off locks or latches and much more. This efficient tool allows forcible entry by a single person when time is critical. Pry Axe® head and claw assemblies are separate sections forged from high-alloy steel and heat treated for maximum strength. Solid steel shaft extends the axe to 28" and rubber sleeve provides a sure grip. *Ship. wt. 8 lbs.*

- ▶ Pike
- ▶ Recessed blade
- ▶ Axe blade
- ▶ Teeth
- ▶ Spanner wrench
- ▶ Extended shaft
- ▶ Claw shaft
- ▶ Shaft release
- ▶ Standard claw with gas shutoff
- ▶ Metal cutting claw

Z117	Pry Axe® with Metal Cutting Claw (15" Closed, 28" Open)	\$248.95
Z118	Pry Axe® with Standard Claw (15" Closed, 19" Open)	\$248.95
Z119	Pry Axe® with Both Claws	\$331.95
Z123	Sheath for Pry Axe®	\$34.95
AF350	Mounting Bracket	\$49.95

D. The Biel Tool®

A personal size multi-purpose forcible entry and rescue tool for forcing doors and windows, prying and twisting hasps and locks, light overhauling, metal cutting and much more. Incorporates many of the same features found in the Pry Axe but is small enough to carry in the pocket of your coat. Made from alloy steel forgings and heat treated for maximum strength and durability. *Ship. wt. 5 lbs.*

- ▶ Pike
- ▶ Claw Shaft Hole
- ▶ Axe Blade
- ▶ Serrated Teeth
- ▶ Rubber Handle
- ▶ Shaft Release
- ▶ Metal Cutting Claw

W509	Biel Tool®	\$154.95
W509A	Sheath	\$27.95

A. Quic-Bar® Forcible Entry Tool

It's the best tool for speedy emergency entry and quick ventilation. The one-piece forged construction gives you maximum strength and power when you need it. Forged from high-strength alloy steel providing high-tensile strength, hardness and resilience. The tapered pike is ideal for forcing padlocks or driving into material to facilitate prying. Greater width and curvature on the wedge and draw ends provide powerful leverage for prying operations. Pry and wedge ends are narrower than other tools on the market for faster, easier penetration. *Ship. wt. 10 lbs.*

▶ Gas shut-off

▶ Built-in "A" type lock cylinder puller

M742	30" Super Quic-Bar®	\$329.95

M743	Mounting Bracket for Tools 30" or Larger	\$44.95
AJ458	Mounting Bracket for Tools 12" to 20"	\$46.95

B. Zak Entry Tool

Exceeds the capabilities of similar tools with a federally approved hammerhead design. Made of lightweight, heat-treated aircraft stainless steel. The 1 1/4" steel tube design will bend but not snap if excessive force is put on it. *Full lifetime guarantee. Ship. wt. 3 lbs.*

Specify Color: Orange or Black

AR330	30" Entry Tool Kit	\$204.95
AR331	36" Entry Tool Kit	\$211.95
AR332	42" Entry Tool Kit	\$225.95

C. 30" Pro Bar

A Halligan-type forcible entry tool. One-piece construction of aircraft alloy steel, drop forged. The fork, adz and point are designed with the correct lengths, widths and tapers to enable easy penetration and maximum leverage. Length: 30". *Ship. wt. 10 lbs.*

Specify finish: Black or Silver

Z150	30" Pro-Bar	\$228.95
------	-------------	----------

D. New York Roof Hook

The Roof and Griff Hook were developed with the cooperation of the New York City Fire Department's research and development division. Our all-purpose head, aircraft steel shaft, chisel end and Celtex grips make up the unit. The chisel end is used as a prying tool for scuttle hatches and roof doors. The short lengths are for going up fire escapes and scuttles to the roof. Accept only aircraft steel for a lightweight but strong tool. *Ship. wt. 7 lbs.*

C. FireAxe

Finally. A FireAxe That Says "Goodbye" to the Old Wood Cutter's Blade.

- ▶ Designed for work on the fire ground
- ▶ More efficient, less weight
- ▶ Fiberglass handle features solid core construction
- ▶ Shaped to cut from the top half of the axe blade
- ▶ Heat-treated for strength and durability
- ▶ Contoured for weight distribution and the halligan tool (*halligan tool not included*)
- ▶ Does more work than an 8 lb. axe head
- ▶ 36" contoured axe handle
- ▶ Patent Pending

Contoured axe head holds claw of halligan tool

A. Pick and Flat Head Fire Axes

Twice As Hard As Regular Axes

The pick head axe is far superior to any other axe on the market. The axe head is made from high-grade tool steel, then heat-treated, making the entire head twice as hard as a regular axe. This axe will cut through 16 penny nails and stay razor sharp. The head of the axe has a mirror polish (not chrome) allowing for quick, easy cleaning. It has a 5" pick (twice as long as all others) and built-in guard to protect the handle. Handles come in 28", 32", and 36" in either wood (hickory) or fiberglass. All fiberglass handles are made by NUPLA Corp. and are designed to be shaped as close to wood as possible. Handles are rated at 1,200 lbs. Scabbards are made with heavy-duty leather from the shoulder of the hide, making it very strong. Scabbards will not stretch out and come pre-conditioned. *Made in the U.S.A.*

Specify handle: Fiberglass or hickory. Specify handle size: 28", 32", or 36"

BG138	6 lb. Pick Head Axe	\$156.95

C. Shoring Hammer

More Than Just A Hammer

Here is an essential tool for your rescue operations. The new Shoring hammer from Paratech is simple, unique and multi-functional. The shoring Hammer head is square for easier corner access and has a spanner wrench designed in. With three options for nail pulling and two open slots for gas shut-off valves, for 3/16" open-ended wrench on the claw end, the Shoring Hammer is perfect for a variety of rescue situations. Positive grip ridges are on both sides of the handle. The Paratech Shoring Hammer is cast from high-alloy steel with an electroless nickel plate finish and weighs 3 lbs.
