

Piraya Diamond Blades

For years the fire service has requested "one blade that cuts all materials" for rescue saws. The Piraya Diamond Blade is as close to meeting this requirement as is technically possible in today's Diamond Blade industry. The Piraya Diamond Blade is vacuum-braided using high-quality grade diamonds for fast, smooth cutting and long blade life. Fits all rescue saws using 12" and 14" diameter blades.

Uses:

- ▶ Concrete
- ▶ Masonry
- ▶ Metal
- ▶ Plastic
- ▶ Wood
- ▶ Copper
- ▶ Glass block
- ▶ Windshields
- ▶ Auto parts
- ▶ Aluminum
- ▶ Stainless steel
- ▶ Corrugated roofing

BG239	14" Piraya Diamond Blade	\$239.95

Rescue Saws, Kits, Blades & Accessories

AM083 Contains: K-12 FD 14" Saw, full size steel case or aluminum space saver case, fire-department carbide tipped blade, two rescue abrasive wheels, safety gas can, hearing protector, goggles, spare belt and air filter, air filter oil, 2-cycle engine oil, can of gasoline stabilizer, combination screwdriver/wrench and instruction manual.

AR179 Contains: Modified 95cc Partner K950 Saw Active 2 cycle gas engine. Fire Department modifications include: constant on "READY START" ignition switch, large "D" Handle starter grip, chrome powder painted blade guard with welded "D" ring for attaching saw sling and saw carrying sling

AW198 Contains: TEAM/Partner K-12 FD 14" saw, diamond plate aluminum case, advanced Combi-cut multi-purpose "Carbide Chip" blade, four rescue abrasive wheels for cutting both steel and concrete, safety gas can, hearing protector, goggles, spare belt and air filter, air filter oil, 2-cycle engine oil, can of gasoline stabilizer, combination screwdriver/wrench and instruction manual.

Blade Sold Separately

- ▶ 95cc 2-Cycle Gas Engine
- ▶ Lightweight- 22.7 lbs.
- ▶ Chrome Blade Guard
- ▶ Large "D" Handle Starter
- ▶ Carrying Sling
- ▶ Reflective Lettering

Kit Includes:

- ▶ 14" saw
- ▶ Steel case
- ▶ Carbide tipped blade
- ▶ 2-Rescue abrasive wheels
- ▶ Safety gas can
- ▶ Hearing protector
- ▶ Goggles
- ▶ Spare belt & air filter
- ▶ Air filter oil & engine oil
- ▶ Gasoline stabilizer
- ▶ Combo screwdriver/wrench
- ▶ Instruction manual

Fire Department Ventilation Chain Saw Kit The TEAM Equipment - "Shark"

Advanced Features and Performance Result in a State-of-the-Art Unbeatable Chain Saw

- ▶ Exceptional power-to-weight ratio
- ▶ Lightning acceleration and maximum raw power
- ▶ First-class quality and durability
- ▶ Highest standards of safety
- ▶ Superb ergonomics

A new Millennium chain Saw designed tough for rescue ventilation and conventional woodcutting. Fast and ferocious, nothing stands in the way of this lightweight 71cc gas engine powerhouse. Complete Kit contains; Chain Saw with 16" bar and chain, diamond plated aluminum saw case (partitioned to securely hold saw and all accessory items), safety gas can, hearing protector, goggles, bar and chain oil, 2-cycle oil, gasoline stabilizer, bar and chain protector, equipment carrying sling and instructions. *Ship. wt. 50 lbs.*

AR233	Chain Saw Only	\$1,616.95

VentMaster™ Saw

Tempest VentMaster™ Fire Rescue Saw has all the power and aggressiveness you demand, yet all the safety and dependability you deserve. Built to meet the punishing demands of fire/rescue service, our all-purpose saw is easy to start and use, with built-in simplicity and safety that makes VentMaster™ the name trusted by so many of the world's fire and rescue professionals.

- ▶ **Husqvarna Power** - New! 71 cc, 5.4 HP, 575XT X-Torque engine specially modified for extreme first responder operations
- ▶ **Easy Start/Positive Stop** - Combined "On/Choke/Throttle Lock/Positive/Off" switch eliminates flooding and allows fast, convenient, reliable starting
- ▶ **Smart Design** - Best horsepower-to-weight ratio of its class! Exclusive Air- Injection, centrifugal force air cleaning system runs when other saws won't
- ▶ **Safe and Simple** - Tool-less KIS-40 Depth Gauge accurately controls depth of cut and safely speeds cuts. Standard with duel-raker Raptor Carbide fire/rescue chain

BC064	16" VentMaster™ with Depth Gauge	\$1,986.95
BC065	20" VentMaster™ with Depth Gauge	\$2,070.95
AM115	Raptor Carbide Chain, 16" with .404 Pitch	\$201.95
AM116	Raptor Carbide Chain, 20" with .404 Pitch	\$238.95

Ventmaster Upgrade Kits

Give Stihl, Echo, Cutters Edge (Jonsered) or many other saws the performance advantage of a VentMaster™ Fire Rescue Saw! Each kit includes guide bar, chain, sprocket and depth gauge.

Adjustable Depth Gauge - The KIS-40 depth gauge provides maximum safety for roof ventilation, allowing smoother, faster cuts without "rolling rafters" - rest the weight of the saw on the gauge, not the firefighter! It can be installed, adjusted from 0" to 6" depth or removed in just seconds, and won't trap debris or heat.

High Alloy Guide Bar - Designed for "plunge cuts" and maximum carbide chain performance. The bar has a precision-milled guide groove, hardened rails and totally integrated sealed nose bearings. Available in 16" and 20" lengths, slotted to accommodate KIS-40 Depth Gauge.

Cat#	Description	Available for These Saws	Price
AS116	16" Guide Bar, .404/.063 Chain	Stihl .046 and Larger	\$572.95
AS114	16" Guide Bar, .404/.063 Chain	Husqvarna, Poulan, Jonsered, Echo QV8000	\$572.95
AW173	20" Guide Bar, .404/.063 Chain	Husqvarna, Poulan, Jonsered, Echo QV8000	\$619.95

Fire Tiger Tooth Blades

Fire Tiger Tooth and Safety Diamond Blades outlast abrasive cutting discs 100 to 1, saving valuable time replacing abrasive blades as they wear down. Fits on 4", 4 1/2" hand-held grinders, 7" circular saws, 12"-14" gas saws, and chop saws. Includes 22mm bushing.

Uses:

- ▶ Masonry
- ▶ Concrete
- ▶ Roof tile
- ▶ Dry wall
- ▶ Stainless steel
- ▶ Copper pipe
- ▶ Steel
- ▶ Plastic
- ▶ Stucco
- ▶ PVC
- ▶ Rebar
- ▶ Wood
- ▶ Tile backer board
- ▶ Corrugated roofing
- ▶ Polyethylene pipes

Cat#	Description	Diameter	Arbor	Width	Price
BE273	Fire Tiger Tooth Blade	12"	1"	.125	\$194.95
BE274	Fire Tiger Tooth Blade	14"	1"	.125	\$244.95

D'AX® Fire and Rescue Blade

Operational in Both Directions of Rotation

Rips Through:

- ▶ Car bodies
- ▶ Steel
- ▶ Flat tar roofs
- ▶ Sheet metal
- ▶ Shingles

BG263	14" D'AX® Fire and Rescue Blade	\$229.95
-------	---------------------------------	----------

Warthog™ Ventilation Blade

The Last Roof Ventilation Blade You'll Ever Buy

The aggressive tooth design of the Warthog™ blade easily and quickly cuts through roofing materials, wood flooring and siding. Heavy-duty construction helps prevent tip loss, which is the major problem with standard carbide tipped blades. The tip is mounted to the blade by a special process. This process cushions the tip mounting and makes this blade the most durable, and probably the last, ventilation saw blade you will ever buy. Ship. wt. 7 lbs.

- ▶ It doesn't bind. Due to the aggressive tip angle, all you have to do is feed the blade into the surface to be cut and it does the rest.
- ▶ It doesn't clog. Even when going through multiple layers of roofing paper and tar. The deep tooth design deposits cut materials outside the blade guard, keeping cutting performance high.
- ▶ It lasts like no other blade; the heavy-duty tips are a full 3/8" wide and 5/8" tall.
- ▶ Tip loss is a problem of the past. It is proven by fire departments all over the USA to be a dependable, high-performance blade like no other

Blade comes standard with 1" arbor (center) hole.

AS269 - 20mm to 1" spacer (Stihl and other saws with 20mm arbors)

AS268 - 7/8" to 1" spacer (saws with 7/8" arbors)

AJ572	Warthog™ Blade	\$274.95
AS268	Warthog™ Blade 7/8" to 1" Spacer	\$9.95
AS269	Warthog™ Blade 20mm to 1" Spacer	\$9.95

Hand-Held Core Drill

The TCD 225 hand-held core drill motor is ideal for drilling into concrete and masonry application. This drill is suitable for fire/rescue agencies, FEMA, and US & R teams who demand performance in a lightweight drill. This drill has been designed with a high power-to-weight ratio and is great for drilling in tight areas. Features include three conveniently placed leveling gauges, and an easy-to-rotate side handle. *Ship. wt. 15 lbs.*

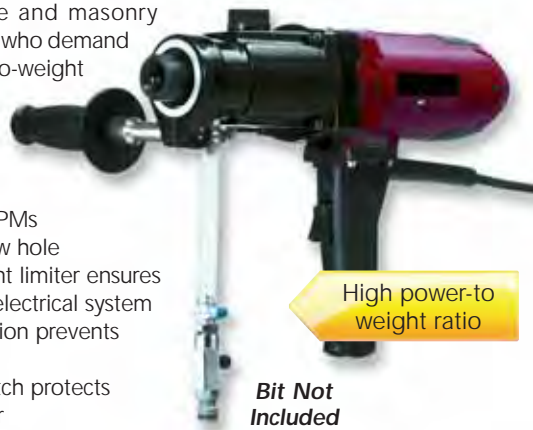

Specifications:

- ▶ **Max. bit diameter:**
Handheld - 4 in. (101 mm),
Rig mounted - 6 in. (152 mm)
- ▶ **Speed range:** 580/1400/2900 rpm
- ▶ **Power:** 110v single phase
- ▶ **Amps:** 15
- ▶ **Weight:** Handheld - 12 lbs.

BD105	Hand-Held Core Drill	\$1,547.95
BD109	2" Bit	\$209.95
BD110	3" Bit	\$299.95
BD111	4" Bit	\$438.95
BD112	5" Bit	\$518.95

Features:

- ▶ Smartstart™ reduces the RPMs by 50% when starting a new hole
- ▶ Softstart™ electronic current limiter ensures soft start and less load on electrical system
- ▶ Electronic overload protection prevents motor damage
- ▶ Elgard™ electronic slip clutch protects the motor and the operator
- ▶ Equally suited for wet or dry drilling
- ▶ Lightweight and powerful pistol grip design

High power-to-weight ratio

Bit Not Included

Super VC3 Power Pro Cutoff Saw

Rescue operations demand fast and reliable cutting equipment. Super Vac's response is the SVC3 Power Pro Cutoff Saw, a high-performance saw designed for the fire and rescue service. The SVC3's rugged, lightweight engine turns an industrial diamond blade that's voracious enough to cut through a variety of materials including residential roofing, concrete and rebar, and sheet metal - all without the use of water. Fire and rescue features include a multi-position cutting arm, blade safety shield that adjusts without having to fumble with hard-to-grasp knobs, D-ring pull handle, and a manual compression release for quick starts. A water tube dust suppression system is standard.

- ▶ Fast and easy starting
- ▶ Blade cuts through anything
- ▶ 2 cutting arm positions

BG206	14" Cutoff Saw with Tiger Tooth Blade	\$1,837.95
BG207	14" Cutoff Saw, Full Kit, Tread Plate Box	\$3,089.95

Super Power Pro V3 Ventilation Saw

With a powerful Dolmar 6.3 HP engine that turns at 13,500 RPM, your department can rely on the Super Vac SV3 Power Pro Saw for venting and rescue operations. With a full-wrap handle designed for maximum versatility, this saw tackles a variety of operations with ease, including cutting through residential roofing, removing downed trees, and ripping through various building materials. With a quick-start compression release and an "always on" ignition, the SV3 is ready-to-go when you are.

- ▶ Chisel chain/depth gauge
- ▶ Airmaster filtration
- ▶ D-ring handle

K950 Ring Saw Kit

The world's first 14" gas powered saw with a 10" cutting depth. This might seem impossible because a standard 14" blade has a maximum cutting depth of 5". But for the ring saw, nothing is impossible.

Features:

- ▶ Active air filtration
- ▶ SmartCarb
- ▶ Automatically lubricated clutch bearing
- ▶ Easy start dura-starter
- ▶ Easy adjustment of engagement and support rollers
- ▶ Integrated wet-cutting kit with easy-adjust water flow
- ▶ Tilting blade and spray guards
- ▶ Easy cleaning means easy service and maintenance

Includes:

- ▶ K950 ring saw
- ▶ Diamond ring saw blade
- ▶ Diamond plate aluminum case
- ▶ Ring saw field kit
- ▶ Wrench/screwdriver
- ▶ Safety gas can
- ▶ Hearing protector
- ▶ Safety goggles
- ▶ Spare belt and air filter
- ▶ Carrying sling
- ▶ Air filter oil
- ▶ 2-cycle engine oil
- ▶ Sta-bil® fuel stabilizer

Specifications:

- ▶ **Engine:** Air cooled, 2-cycle engine
- ▶ **Displacement:** 94 cc
- ▶ **Power:** 6.1 hp (4.5 kW)
- ▶ **Weight w/o blade:** 28.8 lbs.
- ▶ **Blade diameter:** 14"
- ▶ **Cutting depth:** 10"

BD106 K950 Ring Saw Kit

\$4,799.95

Concrete Chain Saw Kit

The newly designed chain saw uses a diamond segment chain to cut concrete, brick and masonry. This unique saw offers several cutting features not found on conventional circular blade rescue saws. It is an invaluable tool for use in emergencies such as earthquakes, building collapse and terrorist incidents.

Features:

- ▶ Large "D" handle starter grip - Replaces standard rubber grip, easier to use especially with heavy gloved hands
- ▶ Heavy-duty brass couplings - Replaces standard plastic water hose couplings for added durability
- ▶ Water hose restraint strap - Use of water with this saw is essential, the installed water hose restraint strap is permanently mounted to the rear handle of the saw, simply slip the hose through the nylon strap and the water hose is kept out of the way during saw operation
- ▶ Saw carrying sling - Easy-to-use and store, handy when use of both hands for balance and climbing are required

Includes:

- ▶ K950 chain saw
- ▶ Diamond segment chain
- ▶ Diamond plate aluminum case
- ▶ Brass water connectors
- ▶ Water hose restraint strap
- ▶ Wrench/screwdriver
- ▶ Safety gas can
- ▶ Operating instructions
- ▶ Bar & chain guard
- ▶ Carrying sling
- ▶ Hearing protectors
- ▶ Goggles
- ▶ Air filter oil
- ▶ 2-cycle oil
- ▶ Spare air filter

BD107 Concrete Chain Saw Kit with 14" Bar and Diamond Segment Chain

\$3,243.95

BD108 Concrete 14" Chain Saw with 14" Bar and Diamond Chain

\$2,520.95

Pro-Saw/Cut Off Saw

Cut Through Virtually Any Material

The Pro-Saw/Cut Off Saw can cut virtually any material - brick, steel, concrete. You name it, we can cut it. The perfect fire service saw. Ergonomically designed to work in confined spaces. Light weight and powerful for easy and safer operation. Built tough to meet your rugged demands.

- ▶ Highest power-to-weight ratio
- ▶ Ergonomically designed half wrap handle
- ▶ Large "D"-ring for easy starting
- ▶ Superior torque and lower emissions
- ▶ Advanced 5-stage air filtration system

Pro-Saw

The Pro-Saw is ideal when your compartment space is limited. It has the best power-to-weight ratio compared to any other saw in its class. This is virtually the safest saw ever built with our exclusive spring loaded depth gauge. It also gives the operator more reach and comfort while using the saw, and eliminates cutting rafters out from under you. The Pro-Saw was designed and engineered just for the rugged demands of the fire service with features no other saw can offer.
